Software Installation

This digital download edition of Micro Planner X-Pert V3.5.1 has been tested for compatibility with the following 32-bit platforms:

- Windows XP (All editions, except 64-bit)
- Windows 7 32-bit
- Windows Server 2003 32-bit
- Windows Server 2008 32-bit

In addition, we have prepared an additional 64-bit support document, which outlines the necessary procedure to configure a compatibility workaround for:

- Windows 7 64-bit (Professional, Enterprise, and Ultimate editions)

For further information regarding 64-bit support, please consult the Support Documentation section of our website.

Please note that due to technical limitations, Micro Planner X-Pert V3.5.1 is **unsupported** at this time on systems running under Windows Vista (all editions, 32-bit or otherwise).

Product Activation

Please note that this software uses an internet activation mechanism. You will be required to activate the software via the internet after you have entered your license key. For further details, please consult the appropriate Internet Activation section of the End User License Agreement.

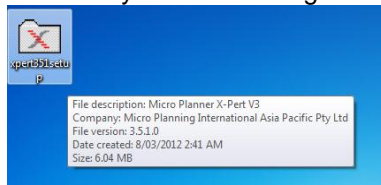

Detailed Installation Steps

The following detailed steps will assist you with the installation of Micro Planner X-Pert V3.5.1

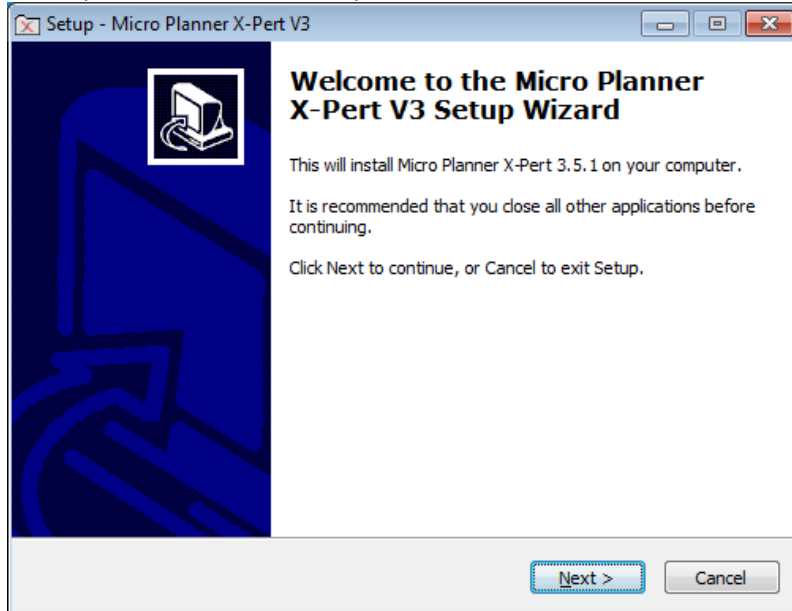

STEP 1. It is important that you **fully uninstall** any previous distributions of Micro Planner X-Pert that you may have installed in the past.

STEP 2. Download Micro Planner X-Pert V3.5.1 from the link provided to you in your purchase email. The same installer file is used for both Fully Licensed and Trial downloads.

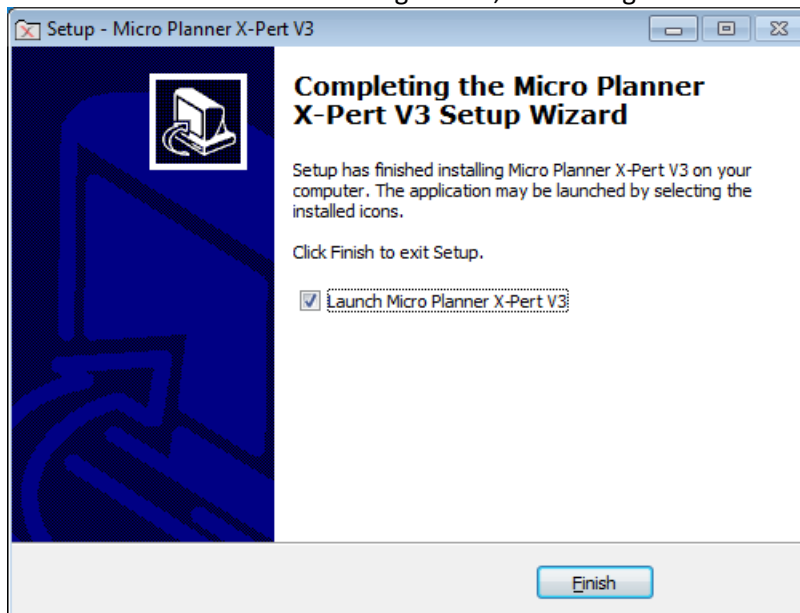

STEP 3. Locate the downloaded installer package. It should be named “xpert351setup.exe”. Launch the installer by double-clicking on the X-Pert folder icon.

STEP 4. Please ensure you read and accept the End User License Agreement when prompted. If there are important release notes, please take the time to read them also.

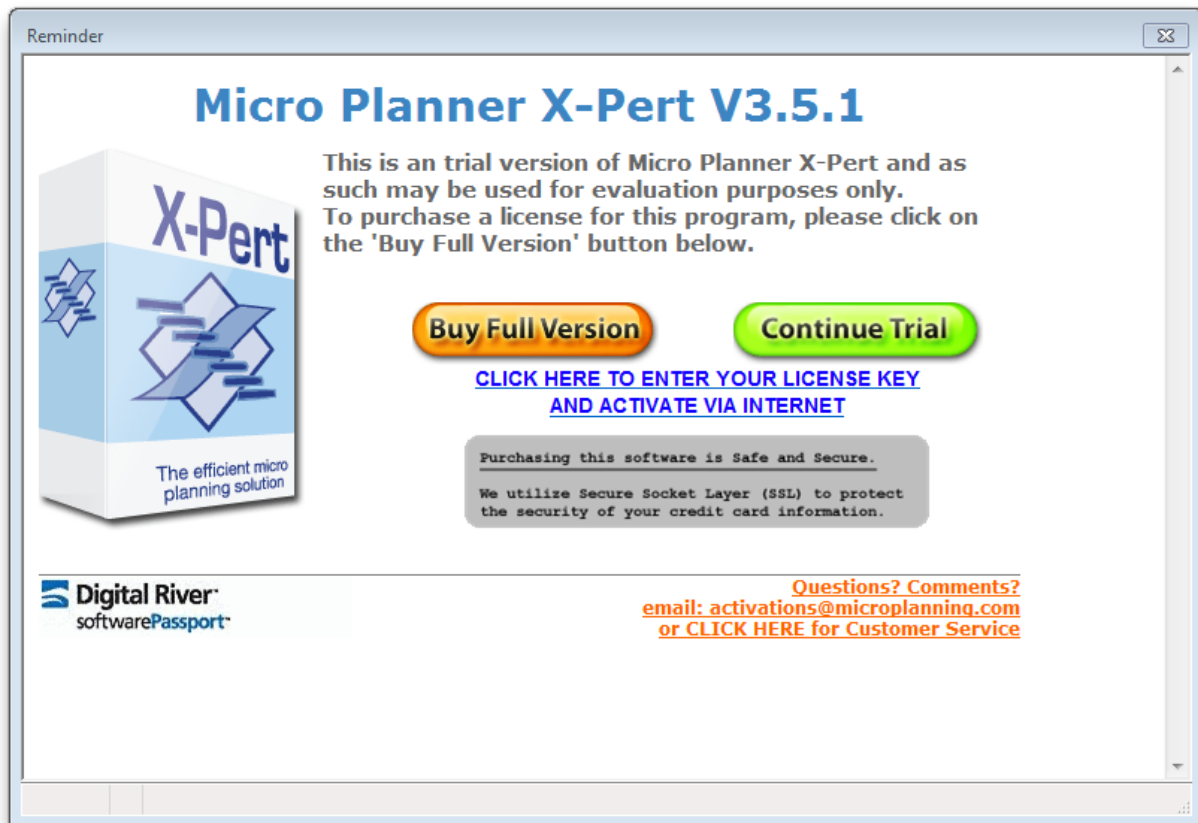

STEP 5. Proceed through the installation of Micro Planner X-Pert V3.5.1 as instructed by the installer. You should arrive at the following screen, confirming the successful installation.

STEP 6. When you run the Micro Planner X-Pert V3.5.1 application, you will see a reminder of the “Trial” state of the installed application.

Here you may choose to purchase a full license to the program, thereby unlocking all features, or to simply continue in Trial mode only. If you run in Trial mode, you will be limited to 150 records or less.

If you have already purchased an appropriate license via our online store, you may click the text “CLICK HERE TO ENTER YOUR LICENSE KEY AND ACTIVATE VIA INTERNET” as shown below, which will allow you to continue through to the Activation page.

STEP 7. If you have chosen to Activate the product by entering your License Key, you will be presented with the Activation page, shown below. Please ensure you are connected to the internet before you continue.

Enter your Registration Name provided to you along with your License Key, **exactly as written in your confirmation email**. We recommend that you Copy-and-Paste the license key text from your email client.

The screenshot shows a software activation window titled "Enter Key". On the left is a 3D box for "X-Pert" software, described as "The efficient micro planning solution". The main area contains instructions: "Please check your internet connection and then contact customer support if you experience difficulties during activation email: activations@microplanning.com". Below this, it says: "After you obtain your License Key, enter the **Registration Name** and the **License Key** below, exactly as shown in your order confirmation email. We recommend you Copy and Paste the License Key directly into the input box." There are two input fields: "Registration Name:" and "License Key:". At the bottom of the form area are two buttons: "Not now" (light blue) and "Enter & Activate" (green). The Digital River softwarePassport logo is visible at the bottom left of the window.

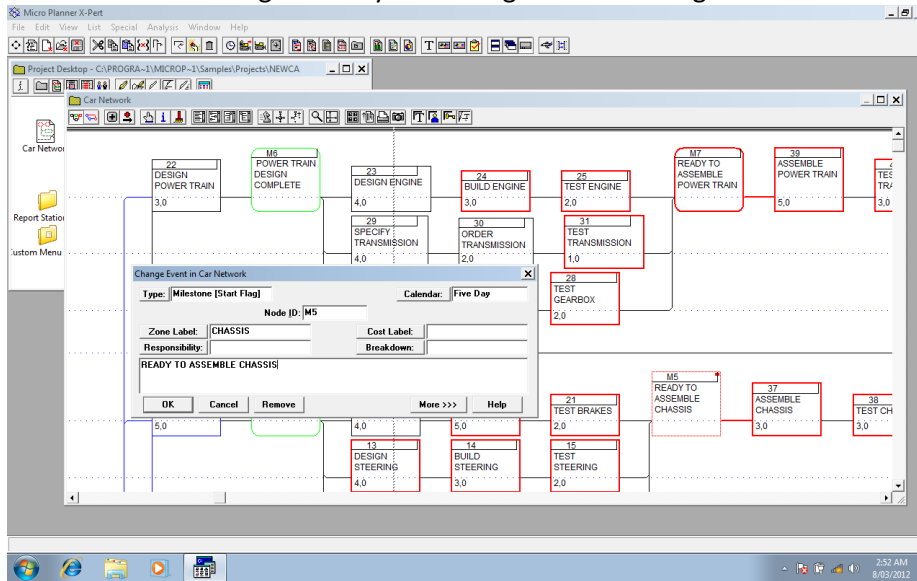

If you encounter difficulties whilst activating your product, and for all other enquiries regarding our Internet Activation mechanism, please contact our Activation Support team, by email: activations@microplanning.com

STEP 8. Upon loading Micro Planner X-Pert V3.5.1, you will be presented with the interface. If you select Help->About from the drop-down menus, you can confirm your fully licensed or trial mode installation, as shown below.

Thankyou for reading this document. If you have further questions, please contact Installation Support by email: installations@microplanning.com

We would like to congratulate you once again for choosing Micro Planner X-Pert V3.5.1
